Awarded as **"Fastest Growing B School"** in Ahmedabad by Times of India 2017

Awarded **Grade 'A'** in Gujarat and **Grade 'B'** in India by CARE RATINGS

PRESIDENT'S MESSAGE

MR. VAIBHAV TANDON
President, SKIPS University

The business horizon has been globally expanding, with new sectors, businesses and work profiles getting discovered and given due recognition. With India Inc. also on its progressive path, many new projects and businesses are fueled, thus creating an increased need for a skilled workforce across all sectors. The corporate fraternity has also been pacing up well to meet the unprecedented challenges posed by the pandemic, global recession, and the rapidly changing global economic scenario. As a management institute, it becomes our onus to provide skilled managerial talent that can grow, succeed and implement mechanisms to sustain.

The Fresh managerial talent has to continuously adapt to the systems and processes that are helpful in the current era and be vigilant and proactive about the ever-evolving trends.

With the attributes of innovation and openness to explore shown by the business world, unexplored opportunities for the talents of all cadres are on the rise. It has also made it imperative for the workforce globally to acquire and adapt to the new skill set, aptitude, attitude and technology to excel in the new work arena.

It is essential to understand changing market expectations and knowledge which generates employment and new skills valued in the industry. Prompt and affirmative advancements in management education are necessary to carve out intelligent and ethical future managers to make the new workforce relevant to the corporate.

SKIPS has always been instrumental in developing and fostering young minds with thinking and decision-making abilities, pioneering approaches, and analytical and visionary skills that enable its students to face and adapt to the industry's ever-changing needs. With the aim of expanding this approach of creating more relevant talent into different faculties, we have now expanded ourselves into a University, where we will aim to provide state-of-the-art education by adopting the latest pedagogies, thus creating skilled professionals in various areas apart from Management.

Our objective at SKIPS will always be to familiarize the fresh managerial talent with the ideal and updated work structures and methodologies and equip them with innovations in management processes, making them perseverant towards excelling in their respective areas of the profession.

With an enabling environment, a broad managerial vision, competent faculties, modern infrastructure and the constant support of the corporate fraternity, our management students have proved their worth in such an inimitable economy.

Academic excellence, holistic development, innovative pedagogies, and global relevance continue to be the cornerstones of the St. Kabir Institute of Professional Studies' educational philosophy. I am confident that these four will continue to be the determinants of the teaching-learning process at SKIPS and help our students become competent individuals who add value to society.

DIRECTOR'S MESSAGE

DR. GURPREET SINGH ARORA
Director, SKIPS

As a management institute, St. Kabir Institute of Professional Studies has persistently directed its efforts to provide excellent management education, and parallelly develop and nurture ethical and responsible future managers who create long-term value in their respective domains.

This ideology makes it essential to focus on imparting management education by adapting the latest curriculum and making conscious efforts to impart our students with the essential skills to enhance their efficiencies, effectiveness and abilities, thus providing value-based learning. It has enabled our students to carve a niche in the corporate world.

With alternate teaching methodologies being prevalent in the past few years due to technological advancement, pandemic and various other factors, the responsibility of re-orienting the students to the importance of physical learning, simultaneously maintaining the zeal and rigour of the curriculum, discipline, student receptivity and apt engagement lies on the management institutions. To make the PGDM program engaging, practising experiential learning and increasing industry exposure through numerous initiatives like live projects, industrial visits, workshops, skill certifications, research projects, and internships becomes significant. Incorporating innovative teaching pedagogies, projects, industry interactions, and field assignments has helped the students to understand the pragmatic way of doing jobs and businesses.

With businesses expanding their scope of operations and practising new working methods, they now have a more comprehensive and receptive approach to attracting the right talent. Many sectors have significant requirements for fresh managerial talent offering newer profiles to participate, and even new sectors have opened up to hire fresh talent.

It is essential to impart knowledge through the curriculum and make the students skilled to face and manage real challenges of professional life and make prompt decisions.

It will help them to become and stay relevant to the constantly changing demands of the corporate world. The PGDM programme at SKIPS enables the students to develop decision-making, problem-solving and leadership skills, making them more employable and acceptable in the corporate fraternity.

The regular recruiters and new corporate affiliates have shown their faith in new managerial talent year after year, and it has aided the students in getting the right start for their careers. As we complete 16 years of academic excellence, we renew our commitment to establish ourselves as a centre for excellence in management education committed to developing socially responsible corporate professionals.

I take immense pleasure in presenting PGDM students of our current batch of 2022-24 and invite the companies to interact with our enthusiastic students for industry internships.

INFRASTRUCTURE

Classroom

SKIPS has fully air-conditioned, well-furnished and contemporary classrooms creating a conducive teaching-learning environment for both faculties and students. The State of art infrastructure at SKIPS gives students a conducive environment to study

Computer Lab

The computer lab is one of the best equipped IT centers geared to aid the learning process. Software packages like SPSS help in conducting data interpretation for business analysis, financial analysis, marketing research activity, analysis of case studies, preparation of summer training projects and concurrent projects.

Auditorium

SKIPS has an air-conditioned auditorium with a seating capacity of 400 for activities and cultural programmes, student discussion rooms and Wi-Fi infrastructure. All of these make the Institute one of the best equipped educational centers in the city of Ahmedabad.

Library

SKIPS Library consists of around 5500 management books, national and international Journals, including Harvard Business Review magazine and Vikalpa Journal (IIM-A). Students can access various digital and e-resources from the library.

Sports

The SKIPS Campus ensures holistic development of students. Keeping in mind all needs of students, the campus offers variety of sports facilities for sports like Cricket, Volleyball, Kho-Kho, kabbaddi, Table Tennis, Chess, Carrom, Treasure hunt etc. Students can engage in all kinds of sports which enable recreation, rejuvenation and stress busting, all purposes being served well in the campus in the controlled environment.

Cafeteria

The SKIPS cafeteria is a place where students can get together to discuss their assignments and projects over cups of tea, coffee and tasty food. The cafeteria provides hygienic and healthy vegetarian food.

ALUMNI SPEAK

“ PDGM in SKIPS is more than theories; it's a comprehensive personality development course where I've seen myself progressing from novice to a professional. Everything from grooming to etiquettes has been imparted to us. Faculty support is strong and inspiring. Staff here are continually working on developing new programmes for students that will aid them in their professional careers. Regular arrangement of industry interaction, workshops in which top management of firms assists us in designing our own path to a successful career. SKIPS management is regularly revising course format to reflect current market trends, making it more relevant to the corporate world. Apart from this, live projects and Internships have also helped me a lot to gain insights into professional life before beginning my professional career. I'm grateful to the institute for grooming me into a professional, and enriching my professional career. ”

Devanshi Rathod

Management trainee(operations)HDFC LTD

“ I'm immensely thankful for the unwavering support of faculty mentors at SKIPS. Their guidance, combined with a focus on career enhancement and skill development, Shaped my Career. The blend of academics and non-academic activities provided exposure, nurturing my personality, knowledge, and skills. The apt industry exposure emphasized on practical experiences and contributed to my professional growth. From a directionless fresher to confidently walking out with a job offer, SKIPS facilitated a 360-degree development. Proud to be part of such an institute, I cherish every transformative moment.

Lovesh Purohit

Asian Paints, Territory Sales Officer

“ My journey through SKIPS has been nothing short of transformative. From the moment I stepped onto the campus, I knew I was in for an amazing experience. The faculty members, who were experts in their respective fields, brought their practical knowledge and industry experience into the classroom, making the learning process engaging and insightful. The institute also offered a range of extracurricular activities and clubs that complemented the academic curriculum. Throughout my post graduate journey, the institute's placement team played a crucial role in shaping my professional growth. I am confident that the lessons learned and the relationships built during my time at SKIPS will continue to benefit me throughout my career. ”

Bansiba Jadeja

Federal Bank, Probationary Officer.

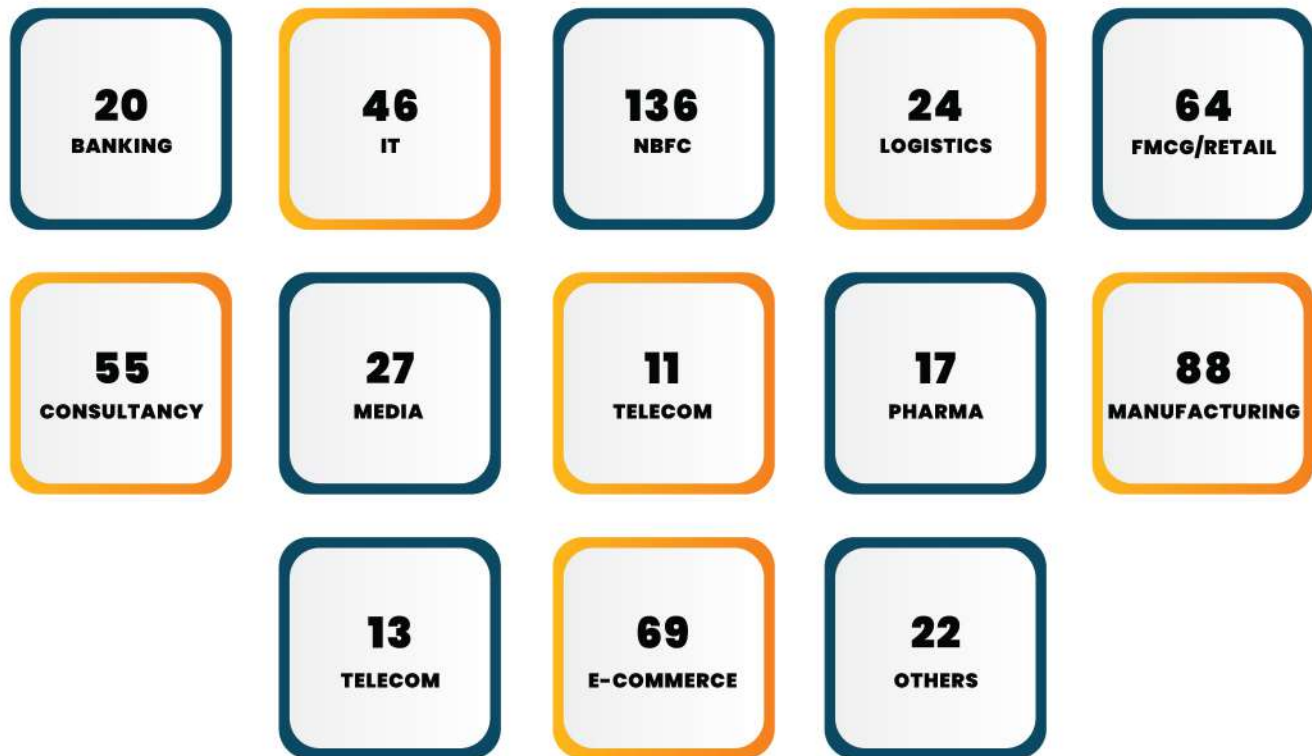

“ I am immensely grateful for the incredible journey through college and I want to express my heartfelt thanks to the entire SKIPS Family. The knowledge, wisdom, and guidance have been invaluable in shaping me both academically and personally. The unwavering support and belief in my abilities has given me the confidence to overcome challenges. I appreciate the countless hours that have been dedicated to our education, creating opportunities that have made a lasting impact. You are the guiding lights, mentors, and pillars of support that I will forever cherish. With regards. ”

Siddharth Sangtani

Territory sales incharge, Polycab India Ltd.

SKIPS CAMPUS PLACEMENTS

Placements at SKIPS is developing consistently through active networking. After the completion of twelve successful placement seasons, we have been able to expand our network to various veteran and growing industries. Having an edge over quality management education and excellent performance by our students, SKIPS has achieved a new standard as an innovative management institute and this in turn has been recognized by the corporate world. This has not only helped to strengthen our association with the existing recruiters but also helped us in exploring new opportunities and enhancing the Job profiles offered.

RECRUITERS' SPEAK

"SKIPS has good potential talent of Management graduates. Their technique of professionally conducting themselves is an encouragement. They are good & promising in applying management skills. The placement team is also welcoming, hardworking and ready to support and accommodate."

Leena Lopez
VP HR
Knowcraft Analytics Pvt. Ltd.

"SKIPS offers varied specialisations to the students, the curriculum and methodology adapted by institutes has unique combination of theoretical and practical exposure. In our experience SKIPS is a place we count for hiring quality management students and we are happy to have long term association team."

Mr. Dhruvin Sureliya
Manager HR
Phoenix Mills

"It has been more than five years since we have been associated with St. Kabir Institute of professional studies, and it has been a great experience where we have found the right talent for our organization. In addition, the practical exposure program offered by SKIPS during their curriculum has a huge impact on their learning pattern and enhances their ability to acquire new skills. It is a very helpful tool for students during campus selection for the corporate industry. I wish and hope that SKIPS keeps its momentum up to help young talent develop a successful career."

Chandan Kumar Bharti
Regional Manager, Marketing
Praxis Home Retail Ltd. "HomeTown"

"The experience with SKIPS Campus Recruitment was great, the Placement Team was very cooperative. Students are result driven and professional with top management skills to deal with current corporate scenarios. They have an ability to deal with people and know very well to focus on the right objective. Many thanks to the Placement Team and SKIPS"
